

Statement of Commitment to Accessibility

LogiSense Corporation (the “Company”) is committed to providing a barrier-free environment for all stakeholders including our clients/customers, employees, job applicants, suppliers, and any visitors who may enter our premises, access our information, or use our services. As an organization, we respect and uphold the requirements set forth under the *Accessibility for Ontarians with Disabilities Act (2005)*, and its associated standards and regulations.

We understand that we have a responsibility for ensuring a safe, dignified, and welcoming environment for everyone. We are committed to ensuring our organization's compliance by incorporating accessibility legislation into our policies, procedures, equipment requirements, training, and best practices. We will review these policies and practices annually, as organizational changes occur, or in anticipation of compliance deadlines. In addition, we will strive to meet the needs of individuals with disabilities in a timely and effective manner.

Providing an accessible and barrier-free environment is a shared effort, and as an organization, LogiSense Corporation is committed to working with the necessary parties to make accessibility for all a reality.

The following is an outline of the Company's commitment to ensure compliance with the standards. Upon request, the Company will provide a copy of this document in an alternative accessible format.

General Standards

Accessibility Plan

The Company will maintain and document a Multi-Year Accessibility Plan outlining the Company's strategy to identify, remove and prevent barriers and increase accessibility for persons with disability, in accordance with the AODA.

Training

We are committed to training our employees and volunteers in Ontario's accessibility laws and aspects of the Ontario Human Rights Code that relate to persons with disabilities.

We will train our employees and volunteers on accessibility as it relates to their specific roles. We will provide training on an ongoing basis whenever material changes are made to relevant policies, procedures, and practices.

Information and Communication Standards

Communication

We are committed to communicating with persons who have disabilities in a manner which takes into account their disability. We will train employees to ensure they interact and communicate effectively with people with various types of disabilities.

Telephone Services

We are committed to providing accessible telephone services to our customers. We will ensure that employees required to communicate with customers over the telephone are using clear and plain language and will speak clearly and slowly.

Availability and Format of Documents

Upon request, we will provide or arrange for the provision of accessible formats and communication supports for persons with disabilities. We will consult with the person making the request to determine the suitability of the format or communication support. We will provide the accessible format in a timely manner that takes into account each person's accessibility needs due to the disability and (if applicable) at a cost that is no more than the regular cost charged to other persons.

Documents related to accessible customer service will be provided in an accessible format or with communication support, upon request.

Accessible Websites and Web Content

We will ensure that any new internet websites or website refreshes will conform with the World Wide Web Consortium Web Content Guidelines (WCAG) 2.0 Level A.

Employment

We will notify employees, potential hires and the public that accommodations can be made during recruitment and hiring.

We will notify employees that supports are available for those with disabilities. We have put in place a process to develop individual accommodation plans for employees.

Where needed, and upon request, we will also provide customized emergency information to help an employee with a disability during an emergency.

Our performance management, career development and redeployment processes will take into account accessibility needs of all employees.

Providing Services to People with Disabilities

Personal Assistive Devices

We are committed to serving people with disabilities who use assistive devices to obtain access to our services. We will ensure that employees responsible for customer interactions are familiar with various assistive devices that may be used by customers with disabilities while accessing our services.

Use of Service Animals and Support Persons

We are committed to welcoming persons with disabilities who are accompanied by a service animal on the parts of our premises that are open to the public. We will also ensure that all employees, volunteers and others are aware of the acceptable ways to interact with persons with disability, specifically those that are accompanied by a service animal.

The Company welcomes persons who are accompanied by a support person. Any person with a disability who is accompanied by a support person will be allowed to enter the Company's premises with his or her support person. At no time will a person with a disability who is accompanied by a support person be prevented from having access to his or her support person while on our premises.

Notice of Temporary Disruptions

We will provide notice to our customers in the event of a planned or unexpected disruption in the services usually used by people with disabilities.

To the extent the information is available, the notice will include information about the reason for the disruption, its anticipated duration and a description of alternate services if there are any available.

Feedback Process

If you would like to submit an inquiry or provide feedback concerning accessible services or requests for an alternative format or communication support, you may do so by any of the following means:

By Telephone: 519-249-0508

By Email: accessibility@logisense.com

By Regular Mail:
